

## Redline's Customer Rapid Link Selected as Finalist for Best of WiMAX World 2008 Awards

*Rapid Link of Atlanta is a finalist for the Best of WiMAX World award for its city-wide 3.65 GHz deployment of Redline's RedMAX™ WiMAX Forum Certified® equipment*

**TORONTO, ON, September 18, 2008** -- Redline Communications Group Inc. ("Redline") (TSX and AIM: RDL), a leading provider of WiMAX and broadband wireless infrastructure products, today announced that its customer, Rapid Link Incorporated, (OTCBB: RPID) a leading provider of WiMAX and communication services in Atlanta, Georgia has been selected by xchange magazine as a finalist for the Best of WiMAX World 2008 Award in the Service Provider category and the Best of WiMAX World 2008 Industry Choice Award.

Rapid Link was selected for the roll out of its 3.65 GHz city-wide WiMAX network in Atlanta, using Redline's WiMAX Forum Certified® RedMAX™ products.

"xchange congratulates Rapid Link for being a finalist in this category," says Mike Saxby, group publisher of xchange. "The nominees for these awards are among the best and brightest in the field, showcasing the rapid advancement of WiMAX technology."

"We are honored to be included as a finalist and would like to thank Redline for nominating Rapid Link," said Matt Liotta, Chief Technology Officer of Rapid Link. "Redline's RedMAX products have enabled us to expand our services dramatically, increasing our installation efficiency and helping us achieve industry leading bandwidth and long range connections."

Rapid Link is one of three finalists for the Service Provider Award and one of 15 finalists for the Industry Choice Award. The awards will be presented on October 1st at a ceremony following the close of the WiMAX World exhibition floor. All winners and their awards will be featured in the December issue of xchange, as well as on the WiMAX World and xchange Web sites.

The Best of WiMAX World Award winners and Industry Choice Award nominees were selected by an independent judging panel that consisted of Craig Mathias, principal, Farpoint Group; Will Strauss, principal analyst, Forward Concepts; Adlane Fellah, CEO and founder, Maravedis Inc.; Caroline Gabriel, lead research analyst, Rethink Research; Philip Marshall, vice president of enabling technologies, Yankee Group; and representatives from xchange and Trendsmia. Delegates attending the WiMAX World 2008 conference will vote for the Industry Choice Award winner.

### RedMAX 4C Mobile WiMAX

RedMAX 4C™ Mobile WiMAX The RedMAX 4C™, which is based on the WiMAX industry's 802.16e-2005 standards for mobile WiMAX,

supports a wide range of fixed, portable and mobile wireless services including support Voice and Video over IP, broadband Internet access used to support highly valued education, medical, transportation and municipal applications, VPNs (Virtual Private Networks) and other advanced communications services. The RedMAX 4C™ Mobile WiMAX platform is designed to enable operators to maximize their reach and customer density for a profitable carrier business model. The RedMAX 4C™ includes a modular, standardized μTCA (micro Telecommunications Computing Architecture) chassis base station that is small, lightweight and easy to deploy. RedMAX 4C™ will also include a suite of indoor and outdoor fixed and portable end-user devices including laptops, mobile handsets and PDAs. Redline's new WiMAX offering is also designed to facilitate the integration of its existing RedMAX™ products with its RedMAX 4C™ technologies.

### About xchange

Founded in 1996, xchange is an online and print publication for facilities-based service providers offering voice, data, wireless, IP, WiMAX and content. Its seasoned editors do more than simply report on industry news; they dig beneath the surface to provide analysis on what new equipment, new services, new regulatory activities and other new developments mean to xchange readers. xchange content, including news, articles, eBooks, webinars and industry buyer's guide is accessible online at [www.xchangemag.com](http://www.xchangemag.com). Subscriptions to the print publication, its digital edition and the xchange Update weekly e-mail newsletter are also available at [www.xchangemag.com](http://www.xchangemag.com).

### About WiMAX World Conference & Expo

WiMAX World Conference & Expo is the largest event series in the world focused on WiMAX and mobile broadband. WiMAX World Conference & Expo is dedicated to providing a balanced view of where WiMAX stands today and what role it will play in the future of one of the fastest-growing market segments in the world — wireless and mobile broadband. WiMAX World incorporates all of today's converging and diverging issues surrounding WiMAX and mobile broadband. WiMAX World provides a comprehensive view of all the related technologies, as well as regulatory and spectrum challenges, and the business opportunities and risks as they relate to all the key constituencies involved in this critical marketplace. In 2008, WiMAX World is being produced in Asia, Europe and the United States. For more information, visit [www.wimaxworld.com](http://www.wimaxworld.com).
